Steinbeis Hochschule
2017 - 2020 | good

/ ABOUT ME

British-Filipina Contortionist and Creative Technologist with a few Guinness World Records for bending and a Masters of Science in Creative Technology and Advanced Marketing and Innovation Management. I create concepts, choreograph, direct and perform for XR shows, for live physical stagings, as well as for VR, AR, and digital platforms.

From performing at Staatsoper Hamburg to choreographing and recording celebrity concerts for Roblox, my performance stage is blurred between the real and digital worlds. Using my body as a medium and tool of expression, my interests lie in the psychology of digital representation (avatars), human and robot interpersonal relationships and ultimately, what it means to be human.

/ CAREER HIGHLIGHTS

**Roblox Concerts: Tai Verdes,
George Ezra, Denzel Curry**
Choreographer and Motion
Director- 2021 and 2022
